EDUCATION

Degree / Exam	Institution	Board / University	Year	Score
B.Tech – Computer Engineering	CSPIT, Changa	Charotar University	2024–2028	7.83 SGPA (Sem 3)
12th Board	Javiya Schooling System, Junagadh	GSHSEB	2022–2024	90.00%
10th Board	Javiya Schooling System, Junagadh	CBSE	2022	89.16%

TECHNICAL SKILLS

Languages	C, C++, Java, Python, JavaScript
Web / Frontend	React.js (Vite), HTML, CSS, Tailwind CSS
Backend	Node.js, Express.js, FastAPI, Django
Databases	PostgreSQL, MySQL, Oracle, MongoDB, SQLite, SQLAlchemy
DevOps / Tools	Docker, Socket.io, JWT, Google SSO, Groq LLM API
OS	Windows, Linux (Ubuntu – Basics)

PROJECTS

AI Emotional Tutor Chatbot <i>Tech Stack: FastAPI · React.js · PostgreSQL · Docker · SQLAlchemy · Groq LLM</i> - Designed an emotion-aware AI tutor that detects user emotions, tracks engagement, and identifies confusion patterns to adapt teaching style in real time. - Implemented dynamic explanation-difficulty adjustment — if a student repeatedly struggles with a concept (e.g. recursion), the system automatically simplifies explanations and switches teaching strategies. - Built persistent multi-session chat memory with ChatGPT-style dynamic session titles and real-time insights panel. - Architected a Dockerized full-stack system (FastAPI backend + React frontend + PostgreSQL), demonstrating async backend design and prompt engineering for stateful AI interactions.	2025
Planora – Construction Collaboration Platform <i>Tech Stack: React (Vite) · Node.js · Express.js · PostgreSQL (Neon) · Socket.io · Tailwind CSS</i> - Built a full-stack platform connecting landowners, architects, engineers, and contractors with role-based JWT + Google SSO authentication. - Designed multi-role dashboards for project tracking; integrated ExpertMap geospatial system to locate professionals. - Implemented real-time collaboration features via Socket.io and a document upload & verification system.	2024–2025
Course Registration System <i>Tech Stack: HTML · CSS · JavaScript · Node.js · Express.js · PostgreSQL</i> - Developed a full-stack course enrollment system with admin and student roles, RESTful APIs, and relational database schema. - Created responsive UI with dashboards and ensured secure data handling via parameterized queries.	2024
HostelMate – Hostel Management System <i>Tech Stack: Python · Django · SQLite · HTML · CSS</i> - Built a Django-based hostel management app covering room allocation, complaint tracking, gate-pass requests, and admin dashboards. - Implemented user authentication with role-based access (students, staff, admin) and Django ORM for data management.	In Progress

ACHIEVEMENTS & EXTRACURRICULAR

- Top 20 teams (#12) — **Sprintathon by Google Developer Groups (GDG)**
- Participated in **Smart India Hackathon** (Internal Round, CSPIT)
- Participated in **Odoo Hackathon, HackTrack**
- Participated in **Markup Mania, C-Quest**
- Represented CSPIT-CE in Girls' Cricket & Basketball — **Spoural 2026**
- Participated in **Green Spark: Ideation for Sustainable Solutions 1.0**
- Coursera Certifications: AI & ML, Algorithm Design, C++, Cloud Computing,
- Python, Data Analysis, Data Structures & Algorithms, Java Libraries

SOFT SKILLS

- Strong problem-solving with analytical approach
- Quick learner with proactive attitude
- Effective communication & team collaboration
- Ability to work across different environments

PERSONAL PROFILE

Nationality: Indian **Gender:** Female
Date of Birth: 16th June 2006 **Languages:** Gujarati, Hindi, English

*I hereby declare that the above information is correct to the best of my knowledge and belief. **Place:** Junagadh, Gujarat*
